

Leadership Essentials Suite

Short and Impactful Sessions for Leaders

Synopsis

Practical Leadership & Management Workshops That Get to the Point - The Leadership Essentials Suite offers 2-hour, high-impact workshops designed to cut through the noise. These sessions focus solely on what matters most for leadership and management success, leaving participants with actionable strategies to implement immediately.

Build the perfect learning experience for your organisation. Our 2-hour learning modules can be mixed, matched, and combined to create a fully customised program tailored to your objectives.

Course Topics:

- Leadership Styles
- Mastering 1:1 Conversations
- The Art of Delegation
- Difficult Conversations
- Conflict Management
- Emotional Intelligence
- Decision Making
- Working at Level
- Setting and Maintaining Boundaries
- Psychosocial Safety Essentials
- Criticism & Feedback

Our trainers

Our specialist facilitators bring years of Local Government training experience to guiding and inspiring participants, helping them build confidence and capability across a wide range of disciplines. Join us for this lively, instructor-led, interactive, and practical course designed to enhance skills and support participants in navigating real-world challenges.
